I want to thank everyone for a great school year. There are going to be some changes to our program next year. Some of the changes are due to changes with the NH Child Care Licensing Rules. Our program is a Licensed Child Care Facility. Some of the changes may be due to struggles we experienced in our program over the year.

We are always looking for feedback from students, families, school staff, and community members to improve our program.

Last Day of Program:

**June 2nd**

Last day of School:

**June 15th**
