22	23 Pumpkin Peo- ple	24 Pumpkin People	25 Pumpkin People	26 Pumpkin People	27 Photo Voice	28
29	30 "Lights On" Pumpkin Peo- ple on Display	31 Movie Day				

The Berlin Middle School Afterschool Program will be making pumpkin people to put in two different locations in Berlin to celebrate the 18th annual Lights On event for Afterschool Programs We will put our pumpkin people on display on Oct. 30 2017. We will be going to Jackson, NH to view the pumpkin people (hopefully we will learn how to build our own pumpkin people).

Lights On Afterschool is the only nationwide event celebrating afterschool programs and their important role in the lives of children, families and communities. The Afterschool Alliance organizes Lights On Afterschool to draw attention to the many ways afterschool programs support students by offering them opportunities to learn new things—such as science, community service, robotics, STEM and poetry—and discover new skills. The events send a powerful message that millions of more kids need quality afterschool programs.

Afterschool Programs

October 2017

Hello Parents, Teachers & Friends!

During the month of October our youth will be engaging in our “Walk or Run Across America” students will be walking with pedometers to calculate their steps and as a group they will log the miles on a large map of the United States. We will be involved in two different Community Service activities. On October 7 we will have 5 students go to St. Barnabas Church to help with their fund raiser for Chips “Children of Incarcerated Parents” event to raise money to purchase gifts for the children. On October 11th and 12th the students will be carving pumpkins to donate to “River Fire” We would like to see families attend one or both days to assist their student with this activity. We will continue to work on our community youth leadership with “Photo Voice” on Fridays and at the end of the month we will watch a movie. We will have one student facilitated club this month.

The students named their program “The Dark Ninjas” and they have designed a logo for the program. We hope to make T-shirts that will have the logo and program name on the shirts.
