29	30 Cultural Explorers Theme Week	31 What Culture Interests You? Culture Quiz				

September started off great! We enjoyed getting to know each other by playing a lot of team building games and learning to solve problems by working as a team!

The kids participated in STEM lessons and played a lot of active games using our CATCH kit. They also got to explore, research and present their future career goals. The students learned a lot about their future jobs.

We are welcoming new staff members this month. Shannon St.Onge is excited to be joining our team and she cant wait to start offering lesson plans that will keep the kids learning and having fun at the same time. Alexis Griffin will also be joining us as an assistant group leader. Alexis loves babysitting, spending time her family, and her future goal is to become a traveling pediatric nurse.

# Afterschool Programs

**October 2017**

**Hello Parents, Teachers & Friends!**

Hillside Afterschool Program has great support from the school. We work closely with the principal, teachers, and school day staff to ensure your child is receiving support and services that will benefit them. We follow through with what the school day teachers and staff do during the day to ensure consistency and teamwork. We even run our enrichment clubs to supplement what they are learning during the school day.

Our Annual "Lights On!" event will take place on October 25th, 2017 this year. Launched in October 2000, "Lights On"

Afterschool is the only nationwide event celebrating Afterschool Programs and their important role they play in the lives of children, families, and communities. The events send a powerful message that millions more kids still need quality afterschool programs nationwide. Be on the lookout for more information on how Hillside ASP will be celebrating this year.

If you have any questions, comments, or concerns, please contact me.

*Lindsay Demers*
